

ACE Paper Model *(simple version)*

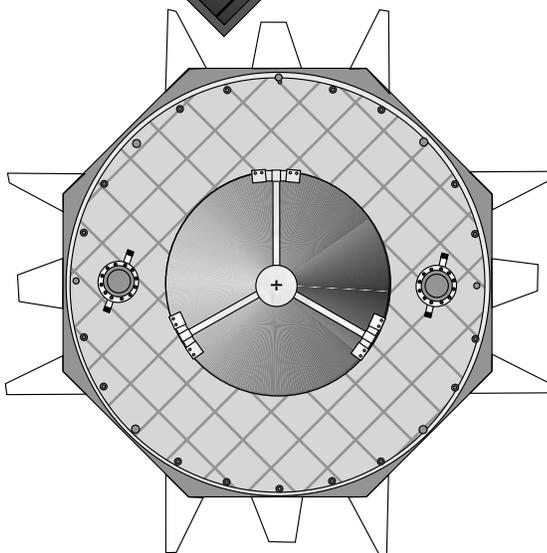

Top (+Z) Deck and Bottom (-Z) Panel Pieces

Instructions:

1. Cut out and glue +Z panel pieces together, matching overhanging instruments.

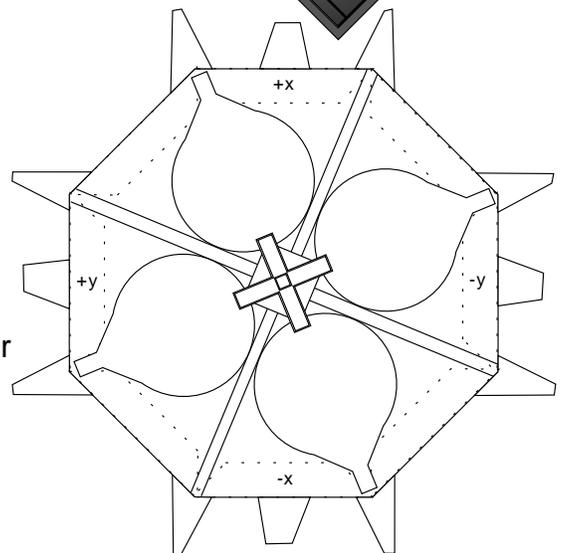

Top (+Z) panel
(with top views of
+Z instruments)

Bottom (-Z) panel piece -- outside

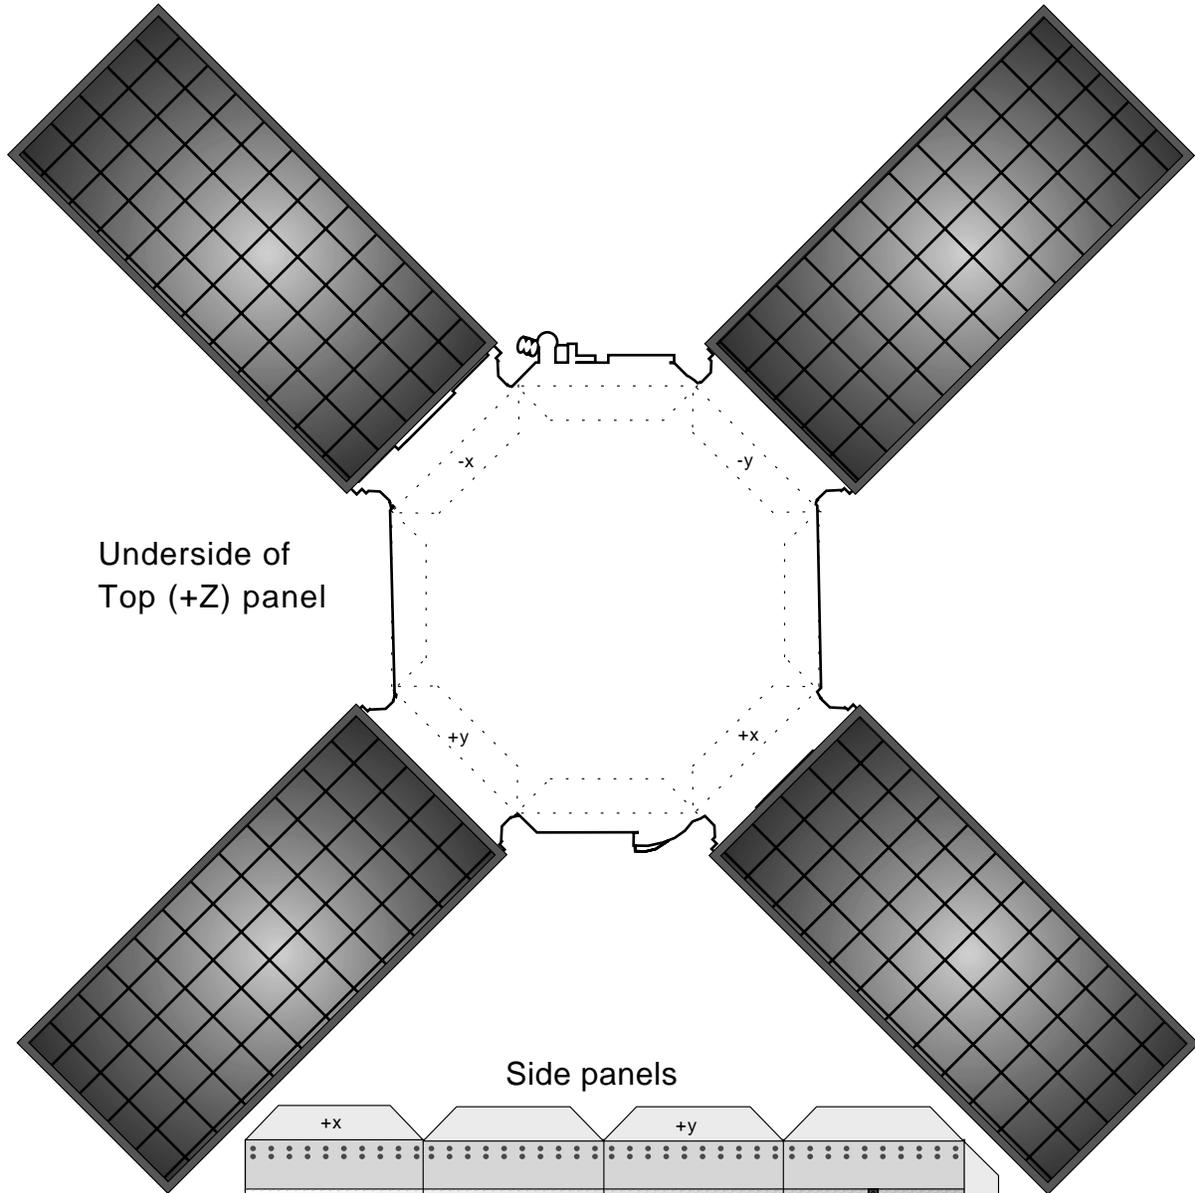

2. Cut out and glue -Z panel pieces together, matching solar panel support tabs.

Bottom (-Z) panel piece -- inside

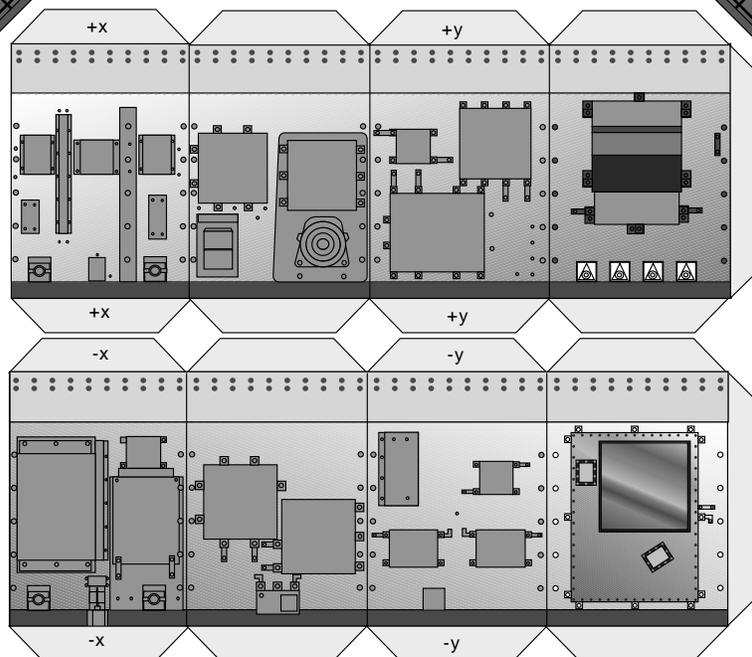

ACE Paper Model (simple version)

Underside of Top (+Z) Deck, and Side Panel Pieces

3. Score the lines between side panels, as well as the lines between tabs and panels.

4. Cut out and glue the two side panel pieces together at the ends, forming a ring structure.

5. Glue the side panels to the -Z panel, matching +/- X and Y; repeat with +Z panel.
